**Future plans:** My plans for 2018 and beyond is to just have fun and race/ride as much as possible. Have fun with my family and be thankful that I'm still able to enjoy a sport that I have loved my whole life.

**What got you into racing:** I got involved with racing immediately from my dad being a huge motorcycle enthusiast but also my mom for supporting what him and I wanted to do and how far we took it. The short story goes that my dad, mom, sister and I would come to LMS on Friday nights. I always enjoyed it because I loved motorcycles plus they let us ride our bicycles around the track during intermission. One night a kid my age showed up with a 50 and the rest is history. I've been going in circles ever since.

**Favorite Racer:** Favorite racer is hands down Ricky Graham but Davey Durelle has helped me out a lot over the years.

**Mustard or Ketchup:** Ketchup for sure. It makes everything better
